Agenda 1: Faculty research review and assessments:

The Faculty Research Review and Assessment for all departments will be scheduled by the R&D Department starting from November 2025 onwards. In accordance with institutional norms, participation in the Monthly R&D Review is mandatory for all faculty members. The review sessions will be conducted in the presence of the respective Heads of Departments (HoDs) and the Department R&D Coordinators. The Dean has also instructed that each department must maintain a consultancy file, which shall be regularly monitored by the R&D Department.

Agenda 2: Claim norms of Research Promotion Policy:

The Dean has informed that faculty members should submit the Additional Incentive Claim (Form 2) only after fulfilling the requirements specified in the Self Appraisal Policy for the Academic Year 2024–25. The Research Promotion Policy for the Academic Year 2025–26 has been forwarded for approval. Once approved, faculty members may submit claims for research publications under the AY 2025–26 scheme. In this regard, all incentive claim forms must be properly verified by the respective Department R&D Coordinators and forwarded through the concerned Heads of Departments to the R&D Department on or before the 30th of every month.

The Dean informed that all journal publications must be from *regular issues only*. If any claimed journal papers are later found to be published as an **erratum**, **retracted**, or **removed/discontinued from Scopus**, the corresponding incentive amount claimed may be **adjusted or recovered** in future claims, irrespective of the year of publication.

Agenda 3: Status of Incentive Forms and Supporting Documents:

Further, only publications where the faculty member holds Author Position 1 to 4 or serves as the Corresponding Author will be eligible for consideration under the Research Incentive and SAP Scheme (Proposed - Waiting for Approval).

The Dean has informed that faculty members should refrain from publishing book chapters, as book chapter publications do not carry any weightage in NIRF (National Institutional Ranking Framework) evaluations. The Dean has informed that faculty members are permitted to publish Scopus-indexed edited books as part of their research and academic contribution. Such publications are considered valuable academic outputs, contributing to the institution's research visibility and citation impact. Faculty members are encouraged to ensure that the publisher and indexing details are verifiable through Scopus before submission or publication.

Agenda 5: Research Grants:

The Dean has informed that the call for proposals under the Anusandhan National Research Foundation (ANRF) is now open for the following schemes:

- ✓ 2D Innovation Hub
- ✓ MAHA MedTech Mission
- ✓ AI for Science & Engineering
- ✓ Prime Minister's Early Career Research Grant

Faculty members are encouraged to submit research proposals under any of the above categories for funding consideration through ANRF. The evaluation of submitted proposals will be completed within 40 days of submission. The acceptance rate in ANRF is encouraging, as the Department of EEE has already received ₹1.5 lakhs (two sanctioned proposals each) for under the Seminar Scheme.
