DESCRIPTION OF EVENT

The BIT Club organized its first flagship event of the 2025–26 term, **‘Wolves of BitStreet,’** for the students of NHCE on 27 November 2025. The event was designed to combine technology, analytical thinking, and stock-market strategy into one immersive and competitive experience. With strong student participation and enthusiastic energy throughout the day, the event successfully brought together innovation and financial awareness on a single platform.

The event commenced with the first round, **‘Tech Hatchery.’** In this round, each team was presented with a real-world problem statement. Within a strict time limit of 20 minutes, teams were required to identify the root cause of the problem, propose a suitable tech stack, design a clear flowchart illustrating their solution approach, and summarize their idea in a concise 20–30 word solution on an A4 sheet. This round tested logical reasoning, technical clarity, teamwork, and time management. After careful evaluation by the board members, 20 teams were shortlisted to advance to the next stage of the competition.

Round two, titled **‘Market Movers Arena,’** transported participants into a simulated Wall Street trading environment. The shortlisted teams were given data on 15 well-known companies, categorized into 5 high-risk, 5 mid-risk, and 5 low-risk stocks. Unknown to the participants, the companies were interconnected, requiring sharp observation and strategic thinking. Using 7-day stock performance data and a fixed virtual budget, teams had to make calculated decisions on whether to buy, sell, or hold

shares while adapting to market volatility. This round emphasized financial literacy, risk assessment, and strategic planning. Based on their time management skills and the remaining balance in their portfolios, 8 teams progressed to the finals.

The final round, '**Crisis Control Chamber**,' was the most intense and fast-paced stage of the event. Designed to test alertness, memory retention, quick decision-making, and team coordination, this round featured a dynamic 3-minute news flash simulation. The broadcast included company propaganda, sudden market mishaps, CEO controversies, product launches, and stock crashes. Teams were required to analyze the situation in real time and respond instantly through a Google Form by making investment decisions. The pressure and unpredictability of this round closely mirrored real-world financial markets. The team that accumulated the highest assets and demonstrated the strongest overall revenue performance emerged as the winner and was awarded a prize pool of ₹3000.

Overall, 'Wolves of BitStreet' ran smoothly and proved to be a grand success. The event not only encouraged technical problem-solving and financial acumen but also fostered teamwork, critical thinking, and strategic decision-making among participants. The seamless execution of the event was made possible by the dedicated efforts of the BIT Club members and the enthusiastic participation of all competing teams, setting a strong precedent for future events in the academic year.

PARTICIPANTS

Name	Semester	USN
Zeeshan Ali	5	1NH23IS185
Syed Hurriyath Abbas	5	1NH23IS167
Hemanth K Reddy	3	1NH24EE506-T
Charan Deeraj	3	1NH24EE011-T
Mohammed Saqib Junaid Khan	3	1NH24EE030-T
Himashree	5	1NH23IS060
Pavani	5	1NH23IS113
Shashank Abbigeri	5	1NH23IS150
Makarand	5	1NH24IS406
