**Resource person:** Dr. Asha Sidd, Counselor, Academy of Guidance and Counseling, Bengaluru

On 9<sup>th</sup> March, 2015 a workshop has been organized on "Making Professionals Powerful" to develop the personality of the students. 86 participants attended the session. The session started with a mild introduction for Personality development. It was told that the dynamic construction and deconstruction of integrative characteristics that distinguish an individual in terms of interpersonal behavioral traits. Indeed, personality development is ever-changing and subject to contextual factors and life-altering experiences. Personality development is also dimensional in description and subjective in nature. That is, personality development can be seen as a continuum varying in degrees of intensity and change. It is subjective in nature because its conceptualization is rooted in social norms of expected behavior, self-expression, and personal growth.
