## Preparing CSE department students for the 5S Implementation

One of the most significant developments in recent times is giving more importance to the work place organization and information management. Work place organization is a key to increase the effectiveness of teams and thereby organization. Proper planning and management of information, ranging from personal data to organizations details and small information to business prospects is necessary in the present world.

Every action is being recorded for future references, either in the form of softcopy or hard copies. Hence there is a need to have a well-organized work place organization methodology in every part of the organization.

With this objective in mind, we have started implementing 5S in our CSE department by explaining the importance of a well-organized work place in an educational institute.

All 3rd, 5th & 7th Semester CSE students were motivated in the first week of August, for creating a clean and systematic work process in our institute
