## Soft Skills Academic Year 2019-20 Even

Setting Goals and Thinking skills	2019-20	20/01/2020 to 01/02/2020
Understanding the importance of Planning the future and		
working through the path with well-defined aims and		
timelines is the objective of the session. Being aware of the		
available opportunities, choosing the right opportunity and		
framing SMART goals to achieve the same is the KRA.		
Setting long term goals for greater achievement and		
coming out with short term goals to build relevant abilities		
to achieve the same happens through real time examples		
and is depicted with the help of 'Mind map'. The		
significance of 'Critical and Creative thinking' to be a		
contributor in the field of technology is stressed upon		
through relevant activities.		

Taking Ownership of academics, career and life	2019-20	03/02/2020 to 15/02/2020
An activity and discussion-oriented session to build		
Ownership in 'Academic course, Career and Life' among the		
students. The emphasises is on building 'Responsibility and		
Accountability' in whatever one does. "what it takes to be a		
professional" is the main outcome of the session		

Personality Development and Etiquette	2019-20	17/02/2020 to 22/02/2020
An effort to build Corporate etiquette and Grooming among the students. The importance of portraying one's 'best version' in appearance and etiquette is the focus of		
the session. Building confidence through proper attire and etiquette is the objective.		

Understanding self for development	2019-20	24/02/2020 to 06/03/2020
A skill building session aimed at deeper understanding of		
self, not only in terms of interests and hobbies but also in		
terms of corporate expectations. An in depth learning		
session with emphasis on SWOT and Emotional		
intelligence, to recognise and address areas of		
improvement. The session covers both Ability and		
Personality quotients to understand self for development.		

Working in team and Corporate behaviour	2019-20	09/03/2020 to 14/03/2020
An activity-oriented session to bring out the significance of working in teams. The idea of 'Contributing towards common objectives and learning through others' thought process 'is the main focus. Corporate expectations in terms of 'acceptance, allegiance, accommodation, continuous learning etc., are touched upon.		

Managing time and stress for better productivity	2019-20	16/03/2020to 20/03/2020
The challenges of 'getting lost in the process, unmindful of the time limit and not knowing how to manage self when stressed' are addressed through real-time examples. Activities that are time bound and expect extempore		
actions, play a greater role in managing self in the given time and under stress.		

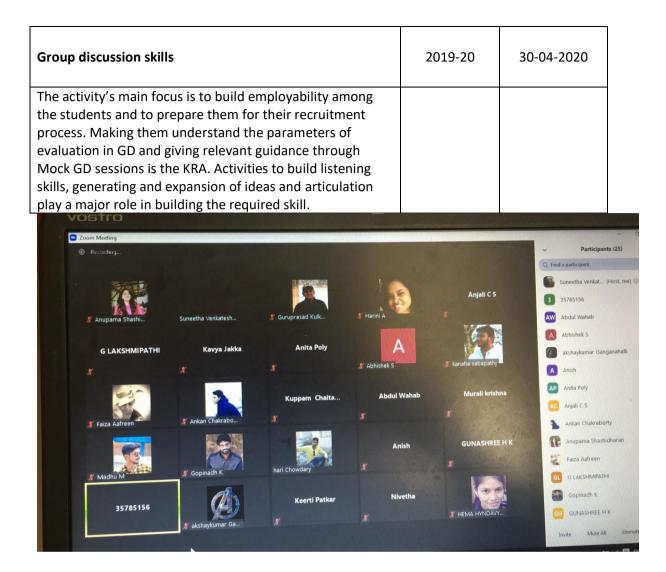

Group discussion skills	2019-20	17/03/2020 to 07/05/2020
The activity's main focus is to build employability among		
the students and to prepare them for their recruitment		
process. Making them understand the parameters of evaluation in GD and giving relevant guidance through		
Mock GD sessions is the KRA. Activities to build listening		
skills, generating and expansion of ideas and articulation		
play a major role in building the required skill.
