Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Good Morning,

Being an alumni of NHCE, in 2018 I was able to come to ULH under an exchange program between September and December. During these months I was able to develop my linguistic skills and understand the working of scientific and engineering laboratories of the university.

I worked on a mini project of numerical simulations under the guidance of Prof. Ioan SCHNEIDER, and he was the person in charge of the Master's program, Master Energie. Before leaving I had a talk with him and one of my current supervisors Prof. Innocent MUTABAZI about the masters program and acceptance. They were content with my work and development in my linguistic skills and assured to accept me if I can show a development in French language.

After coming back I spent my days in constant touch with these two professors and developing my french skills. I was accepted by Prof. SCHNEIDER and it was him who wrote an email to campus France and the French embassy in Bangalore about the terms and conditions of my acceptance and why I am not in a position to show any language certification or any other certification.

Since september 2019 I have been a regular student at the Université Le Havre Normandie and have excelled in my studies which are taught in French and English. Currently I am in my last months of master studies and would like to continue in Ph.D under the supervision of Prof. MUTABAZI. This is why I am still not in a position to show my language certifications.

Please let me know if you need any other details.

Yours truly
-Anupam M. HIREMATH

PS: Since I am applying for a Ph.D position it would be really great if I could have one reference letter from you. I have received one from Ravi sir, I would like another one to complete my candidature file.

Annual Test Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

Reporting Your GRE Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

March 17, 2018

Supervising Candidate, GATE 2018
(All India Rank of 8685 - GATE, No. MLTH02)

The GATE 2018 score is calculated using the formula

$$\text{GATE Score} = S_u + (S_t - S_u) \frac{(M - M_u)}{(M_t - M_u)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on the GATE 2018 scorecard

M_u is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 5% (or top 10 whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_u = 25.1$ is the score assigned to M_u

$S_t = 851$ is the score assigned to M_t

In the GATE 2018 score formula, M_u is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/stipendship. Admitting institutes may conduct further tests and interviews for final selection.

TERMS AND CONDITIONS FOR INTERNATIONAL STUDENTS

These terms and conditions of enrolment to the University of Auckland are to be read in conjunction with the University of Auckland Calendar. These form part of the agreement between the University of Auckland and the student named in the offer upon acceptance.

Note: For doctoral candidates the letter of registration represents the offer.

1. LAW, UNIVERSITY STATUTES AND JURISDICTION

- 1.1. This agreement is subject to the laws of New Zealand and the parties submit to the exclusive jurisdiction of the New Zealand Courts in all matters arising from this agreement and the *Offer of Admission*.
- 1.2. The parties shall abide by any [Statutes, Regulations, Rules](#) and [Policies](#) established from time to time by the Council of the University and published in the Calendar or otherwise notified to the student.

2. STUDENT VISA

- 2.1. This agreement is conditional upon the student obtaining the appropriate student visa to enable the student to live and study in New Zealand. Holders of other types of visas should ensure their visa allows them to study in New Zealand. For further information visit www.immigration.govt.nz/new-zealand-visas
- 2.2. The *Offer of Admission* at the University does not guarantee that the student will be issued with a student visa.
- 2.3. The student is responsible for complying with all conditions relating to the student visa.
- 2.4. The student is responsible for providing a copy of the student visa to the International Office at the beginning of the first semester of study for that Calendar year.
- 2.5. Where a student does not provide evidence of a valid student visa and/or the required contact details then, until that evidence is produced, the Council may:
 - (i) withdraw the enrolment of that student from a course or courses
 - (ii) decline to re-enrol the student
 - (iii) restrict that student's access to University services.
- 2.6. If the student fails to obtain or maintain a valid student visa or is required to leave New Zealand for whatever reason, this agreement will lapse and the University may offer the place of enrolment to another student.
- 2.7. If this agreement lapses in this way, clause 8 of the *Terms and Conditions* apply to such a student as if he or she had been deleted from the programme of study, and the student may be entitled to a refund or credit.
- 2.8. To obtain a student visa, the student must be enrolled in full-time study. This will mean that a full-time student will typically take courses totalling up to 120 points per academic year. For further information please contact int-questions@auckland.ac.nz.

3. HEALTH & TRAVEL INSURANCE

- 3.1. Under the Education (Pastoral Care of International Students) Code of Practice 2016, all international students are to have an appropriate health and travel insurance policy during their period of study.
- 3.2. An approved insurance policy is a condition of enrolment. Holders of all visa types are required to have approved insurance for the duration of their study. A student visa holder is also required to have approved health and travel insurance for the duration of their visa or until they depart New Zealand, whichever comes first.
- 3.3. The default approved insurance policy is the Studentsafe Inbound University policy. Enrolled international students will be charged the Studentsafe Inbound University policy premium. The Studentsafe Inbound University policy premium must be paid unless the University of Auckland approves the use of an alternative insurance policy.

More information on insurance waivers and family applications deadlines, pre-existing conditions, forms, terms and conditions for Studentsafe Inbound policy please visit www.auckland.ac.nz/is-insurance or contact isinsurance@auckland.ac.nz

- 3.4. A student's enrolment cannot continue in the event of their insurance cover being declined.

4. RECOGNITION OF PRIOR ACADEMIC STUDY

- 4.1. Recognition of prior academic study can be applied for through Applications and Admissions. There is no charge for this service. Recognition of prior academic study does not apply to inbound exchange students.
- 4.2. The student must submit an official academic transcript and detailed course descriptions of prior study to Applications and Admissions. Applications and Admissions will assess the prior study and the applicant will be informed of the outcome of his/her application.
- 4.3. This process is normally done as part of the original application but an application for the recognition of prior learning can be made at any time.
- 4.4. The student will not be granted credit retrospectively for courses that have already been completed at the University of Auckland.

5. ENROLMENT

- 5.1. The student can accept the *Offer of Admission /Conditional Offer of Admission* online on Student Services Online or by signing and returning a copy to Applications and Admissions.
- 5.2. Acceptance of the offer entitles the student to enrol at the University in the programme of study specified in the offer as soon as all conditions are met. If the student has not yet met the conditions or the offer is not yet confirmed, the student will not be able to enrol.
- 5.3. Information on course availability can be viewed via Student Services Online. Postgraduate students may need to contact the faculty postgraduate coordinator for further information.

6. STUDENTS UNDER THE AGE OF 18 YEARS

- 6.1. Students under 18 years of age at the date of enrolment will not be entitled to enrol until the consent of their parent or legal guardian has been given to the University of Auckland in writing and accommodation has been approved.
- 6.2. It is a requirement under the *Education (Pastoral Care of International Students) Code of Practice 2016* that any student, who is under 18 years of age, must live full time with either an approved caregiver or relative or in an approved home stay.
- 6.3. Please contact the International Student Support Team int-questions@auckland.ac.nz prior to the start of semester, with the student's accommodation details.

7. TUITION FEES

Note: Tuition fees are not displayed on conditional offers of admission

- 7.1. If the student is applying for a student visa from overseas, tuition fees must be paid in full for the first year of the programme of study to meet Immigration New Zealand requirements. Inbound exchange students are exempt from paying fees and are therefore not bound to clause 7 of these *Terms and Conditions*.
- 7.2. The fee on this *Offer of Admission* is an estimate;
 - The total fee payable will be shown on the statement/invoice which can be generated via Student Services Online following course enrolment;
 - The total fee payable is subject to course selection and enrolment requirements and may differ from that in the attached estimate; and
 - Students are liable for any fees payable over and above the estimated amount stated in the attached estimate.
- 7.3. Enrolment is subject to full payment of tuition fees due on or before the due date. If payment of the tuition fees is not made by the due date, the University may cancel this agreement and any enrolments.
- 7.4. Miscellaneous costs including (but not limited to) travel costs, living costs and other programme related costs are not included in the estimated tuition fees.
- 7.5. Tuition fees for new and re-enrolling students are reviewed each year, and approved by the University Council. International tuition fees are normally increased 3%-6% annually but increase can range from 0%-10%.
- 7.6. If the *Offer of Admission* is conditional, fees must not be paid until the offer is confirmed. A confirmed *Offer of Admission* with a fees estimate will be sent once conditions are met.

8. REFUND AND DELETION POLICY

When considering deletion from a course or programme of study, the student should first approach the International Office for guidance. The student may be entitled to a refund of part or all of the tuition fees paid to the University in the circumstances set out below; with the exception of inbound exchange students who are exempt from paying tuition fees:

The deadline for adding and deleting courses is sometimes referred to as ATCE (Alteration to Course Enrolments). For enrolment changes, it is not enough to notify a University of Auckland staff member. You must make the changes in Student Services Online.

- 8.1. Please refer to the University Calendar [here](#) for deadlines for deleting courses with refund or credit of fees.
- 8.2. If the student deletes an enrolment online after the payment of tuition fees but within the deadlines, the University will, upon application, refund the fees paid, less an administration charge of NZ\$1,060.00.

Note: Immigration New Zealand will be informed of changes to the student's enrolment status.

- 8.3. Where a student has provided all required documentation in support of their visa application and Immigration New Zealand has declined to grant a student visa then the University will process a full refund and without deduction of a refund or administration fee.

[Please refer to the University Calendar for full details of the applicable dates](#)

- 8.4. If the student decides to delete from a course or programme of study after the academic session has begun, due to exceptional circumstances such as illness, injury or events beyond the control of the student, he or she must complete and submit the required 'Late Application to Delete a Course' form (AS-47) and provide any required supporting documentation and appropriate evidence as detailed on the form, to latedeletions@auckland.ac.nz. Please refer to the link for full details of the [Late Deletion](#) regulation including the criteria whereby a partial refund may be approved.

Notes:

The University may delay processing a refund until after the last dates for additions and deletions, specified in the Changes to Current Enrolment regulation, have expired.

Doctoral candidates should contact postgraduate@auckland.ac.nz for queries regarding eligibility for a refund or credit.

9. WITHDRAWALS

- 9.1. Any student wishing to cease attendance in a course or programme of study after the deadline for withdrawal may apply to do so by obtaining the approval of the relevant head of department and the dean of the faculty for the programme. Applications must be made on the 'Course Alteration Form' ([AS-70](#)).
- 9.2. The deadlines for withdrawals are as follows:
 - Three weeks before the end of lectures for courses taught in one semester; and
 - Three weeks before the end of lectures for courses taught over two semesters; and
 - Two weeks before the end of lectures for courses taught in quarters; and
 - One week before the end of lectures for courses taught in Summer School.
- 9.3. The course will remain on the student's academic record and show as a withdrawal. Tuition fees will not be refunded. For calculation of Academic Standing, withdrawal will be counted as a failure.

10. CHANGE OF RESIDENCY STATUS

- 10.1. The student will be enrolled at the University as an "International Student". If the student later becomes a "Domestic Student", the student will not be entitled to any refund of the tuition fees paid for the semester in which they change status.

Note: The terms "International Student" and "Domestic Student" are defined in the Education Act 1989.

- 10.2. However, if the student gains permanent residency prior to the deadline for adding and deleting courses set out in clause 8.1, the student's status can be amended to "Domestic Student", domestic fees will apply and the fees will be recalculated. The balance of fees paid at the international fees rate will be refunded if recalculation results in a credit balance on the fees account. The date of permanent residency will be taken from the "Resident Visa" in the student's passport only. Note: The Immigration New Zealand confirmation letter is not acceptable. An officially certified copy of the "Resident Visa" and personal details page of the passport must be provided to AskAuckland Central, Ground Floor, Alfred Nathan House, as soon as possible.
- 10.3. Special conditions/restrictions may apply for limited entry programmes, e.g. Bachelor of Medicine & Bachelor of Surgery (MBChB).

11. CHANGE OF PROGRAMME

- 11.1. This agreement does not entitle the student to enrol in any other programme of study at the University or at any other tertiary institution in New Zealand.
- 11.2. A student may apply to transfer to another programme of study but any such transfer will depend on:
- Availability of places in that requested programme of study; or
 - Selection and approval by the relevant department or faculty in accordance with prescribed University selection criteria; and
 - Such other statutes and regulations of the University relating to change of programme of study published in the Calendar or otherwise notified to the student.
- 11.3. If the student's application to transfer to a new programme of study is successful, this agreement will lapse and the University will provide the student with a new *Offer of Admission* for the new programme of study.

12. ACADEMIC STANDING – Undergraduate and Certificate of Proficiency only

- 12.1. A student is required to pass at least 50 percent of points enrolled in any one semester, including Summer School, to maintain Good Academic Standing. For full details please refer to the [Enrolment and Programme Regulations](#).
- 12.2. Where the student fails to meet the requirements set out in the Academic Standing regulation the University may restrict the number of points a student is allowed to enrol into in the next semester of study or may terminate the student's enrolment and exclude the student from all programmes at the University.
- 12.3. Where a student has had their enrolment terminated under the Academic Standing regulation, they will be entitled to reapply for admission to a programme after one year of exclusion. Please refer to the Academic Standing regulation in the Enrolment and Programme Regulations for full conditions.

13. DURATION AND TOTAL POINTS VALUE – Postgraduate Students

Please refer to the Duration and Total Points Value section of the Postgraduate Regulation applicable to the programme of study listed in the attached *Offer of Admission*.

14. INTERNAL GRIEVANCE PROCEDURES

- 14.1. The student should contact the International Office in the first instance. If the complaint is related to an International Office procedure, the Director of the International Office will investigate the grievance.
- 14.2. If the grievance relates to another area of the University, the Director of the International Office may ask the student to put the grievance in writing and can contact the relevant department to seek resolution on behalf of the student if requested.
- 14.3. If the student is not satisfied, he/she may make a written complaint to the University Proctor.

15. SCHOLARSHIP SPONSORED STUDENTS

- 15.1. The University will monitor the student's progress throughout the programme and the appropriate authorities will be advised each year or as required. Acceptance of this offer gives permission to the University to release this information in conformity with the terms of the scholarship and the New Zealand Privacy Act.

16. PROFESSIONAL REGISTRATION/LICENSING

- 16.1. The degrees and diplomas offered by the University of Auckland have, in many cases, been accredited by relevant professional bodies and organisations. However, students must be aware that even where this is the case, as a graduate they will typically have to meet various other requirements to qualify for registration or licensing in order to practice in a profession.
- 16.2. The University can take no responsibility for advising a student as to registration or licensing requirements. Therefore, before accepting an *Offer of Admission* in a programme, it is the responsibility of each student to check with the relevant registration or licensing authority (or authorities) to determine if the proposed degree or registration/licensing in the relevant jurisdiction and if particular course or other requirements must be satisfied to qualify.

Qualifying in GATE 2020 does not guarantee either an admission in a post-graduate programme or a scholarship/studentship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC (NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_a + (S_t - S_a) \left(\frac{M - M_a}{M_t - M_a} \right)$$

where

 M is marks (out of 100) obtained by the candidate in the paper M_a is the qualifying marks for general category candidate in the paper M_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_a = 300$ is the score assigned to M_a $S_t = 900$ is the score assigned to M_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the corrected mark of j^{th} candidate in the i^{th} session (M_{ij}) was computed using the formula

$$M_{ij} = \frac{M_{ij}^* - M_{av}^*}{M_{av} - M_{av}^*} (M_{it} - M_{it}^*) + M_{it}^*$$

where

 M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session M_{av}^* is the average marks of the top 0.1% of the candidates considering all sessions M_{av} is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions M_{it}^* is the average marks of the top 0.1% of the candidates in the i^{th} session M_{it} is the sum of the mean marks and standard deviation of the i^{th} session

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

- **P (Policy Violation)**-GMAC® canceled the score due to a testing policy violation by the test taker. Policy violation for purposes of this identifier includes improperly accessing a mobile phone or study materials, disruptive behavior that interfered with other test takers or test center personnel or noncompliance with any term or condition in the *GMAT Handbook*, the GMAT Examination Testing Rules and Agreement, or the GMAT Non-Disclosure Agreement and General Terms of Use Statement, *other than incidents which are characterized as "serious violations," as defined at right.*

Answers to Frequently Asked Questions

What does the GMAT exam measure?

The GMAT exam measures basic verbal, mathematical, analytical writing, and integrated reasoning skills that you have developed over a long period of time in your education and work. The *Integrated Reasoning* section requires candidates to interpret and analyze information from different sources and in a variety of formats to solve complex reasoning tasks. The *Verbal* section measures your ability to understand and evaluate what you read, as well as your ability to recognize basic conventions of standard written English. The *Quantitative* section tests quantitative reasoning ability. The *Analytical Writing Assessment* section measures your ability to think critically and communicate complex ideas in writing. Your GMAT scores should not be compared with other test scores. Although the GMAT score scales may resemble those used for other tests, the scores are not directly related.

What doesn't the GMAT exam measure?

It does not measure your knowledge of business, your job skills, or subjective qualities such as motivation, creativity, and interpersonal skills. If a test taker's first language is not English, he or she may still perform well on the exam; however, the GMAT exam may not accurately reflect the abilities of someone who is not proficient in English.

How are the Analytical Writing Assessment scores used?

The Analytical Writing Assessment is used to provide an independent ranking of your ability to think critically and to communicate clearly when writing in English. Writing scores are computed separately from the scores for the multiple-choice sections of the test and have no effect on the Verbal, Quantitative, or Total scores.

What do GMAT scores predict?

GMAT scores are a valid predictor of academic performance in the first year of a graduate management program. Since creating the GMAT exam 50 years ago, we have conducted hundreds of validity studies that demonstrate this fact. In the past ten years, we've conducted almost 300 studies for graduate management programs all over the world. The median correlation between GMAT scores and first-year grades was 0.51 (perfect correlation is 1.0). The median correlation between undergraduate grade point average and first-year grades was 0.28. Thus, GMAT scores are generally a better predictor of performance in the first year of business school than undergraduate grades, though we advise admissions committees to use both when evaluating candidates.

How reliable are GMAT scores?

Test scores actually earned on any given occasion are only an approximation of your true ability. However, our research indicates that you will most likely earn a Total score within about 30 points of a score reflecting your true ability. Your Verbal and Quantitative scores are probably within 2.9 points of your true scores. If you take the GMAT exam more than once, you probably will not receive exactly the same scores. "Reliability" indicates the degree to which you would keep the same score if you were to take the test more than once (perfect reliability is 1.00). The average reliability of the GMAT Total score is 0.93. Average reliability is 0.87 for the Verbal score and 0.90 for the Quantitative score. Therefore, the reliability of GMAT scores is very high.

How long are my GMAT scores valid?

Scores are usually reported up to five years from the date you took the exam. With a special request and for an additional fee, you may report scores up to 10 years from the date you took the exam. However, scores more than five years old will be accompanied by a statement indicating that they must be

interpreted with care; many institutions will not accept scores over five years old. On behalf of GMAC, Pearson VUE destroys all score records more than 10 years old.

How should my scores be used?

Admissions committees typically use GMAT scores in conjunction with your academic record(s) and other information obtained from application materials. Unlike academic grades--which vary in meaning according to the grading standards of each school--GMAT scores are based on the same standard for all test takers and can be compared across all GMAT test administrations.

It is appropriate for GMAT scores to be used as an admissions tool for graduate study in management or as a basis for selecting applicants for financial aid based on academic potential. GMAT scores should not be used as a requirement for awarding a job; as a requirement for employment, job licensing or certification, or job-related rewards such as raises or promotions; or as an achievement test.

How do I send my scores to schools?

Approximately 20 days after your test date, your Official Score Report, including the digital photograph you provided at the test center and copies of your essays, are made available to any graduate management program you designated when you took the GMAT exam. Not all graduate management programs elect to receive photographs and essays. Once scores are made available, a school you designate can access your scores at any time. If you have not yet designated schools to receive your scores, or if you want to designate additional schools, visit www.mba.com or call GMAT Customer Service. We will report results from all tests you took in the last five years.

Who has access to my scores?

Score reports, which include copies of essays and a digital photograph if a designated graduate management program has elected to receive them, are released only at your specific request--either when you take the test, or when you request an Additional Score Report (ASR)--unless required by law, to cooperate in judicial or governmental proceedings, as necessary to detect or prevent unlawful activity, or as otherwise provided in the Privacy Policy on www.mba.com/privacy and in the *GMAT Handbook*.

Should I decide where to apply based on my scores?

You may be doing yourself a disservice if you rely solely on your GMAT scores to decide where to apply, or even whether to apply at all. Schools treat GMAT scores as only one of several predictors of performance. Most schools publish average and mid-80% range scores for the students they admit. Averages can be skewed by unusually high scores. For that reason, you can generally get a better understanding of the types of GMAT scores a school typically admits by looking at the mid-80% range, which indicates the scores earned by 80% of students who were admitted.

How will retaking the GMAT exam affect my chances of admission?

Admissions committees treat multiple scores in a variety of ways. They may use only your highest scores, your most recent scores, or an average of your scores. You should contact schools directly to learn how they use multiple GMAT scores.

Can I now cancel my scores?

You can cancel your scores only at the test center *immediately after you take the test*. Once your scores have been reported, they become part of your permanent score record and cannot be canceled.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE®* General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE®* Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

Annual Test Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).
