Subject: Evaluation Tools for Effective Learning Platform

Dear Sir

Warm Greetings!!!

edumerge Solution is providing our Partner Institutions a unified platform to bring all their stakeholders together : Students, Teachers, Parents, Management and assisting them in: instant communication, learning platform and administrative automation. We at edumerge are designing our software products on the latest technologies to provide the best solution to our customers. edumerge provides solutions based on the requirement of the customer that is formative and cost effective. Our team is steered by passion towards providing unparalleled Customer Service and Satisfaction.

At present, we seek to integrate evaluation tools for effective learning platform in the domain of robotics and artificial intelligence.

In this regard, we write this letter to provide an opportunity to your institution for collaborating with our firm and have research-driven academic consulting.

Course Modules/Topics:

- Robotics
- Artificial Intelligence
- Internet of Robotic Things

Regards,

Dear Sir

Subject: Secure LAN network at our new office space

Warm Greeting from Srinivasa Enterprises.

With regards to the telephonic conversation had on the extension of the LAN network at our office, we hereby confirm the consultancy scope for extension of a secure LAN network to your departments CISCO Centre of Excellence Lab. We request you to kindly send the same team who had worked with us for setting up the LAN as they are well aware of the existing specifications.

The Security Specifications which we want to incorporate:

To the existing 4 groups we want to add 3 groups, 2 groups will have the specification as we had for the earlier design group. The third new group is for the Administration department, who shall be provided access to all the 6 groups but no permission has to be given for deleting. A Manager login has to be created like earlier that would have access to all the groups/Administrator and would have permission to delete data as well. We request you to encrypt all the passcode that is used during login.

Srinivasa Enterprises shall pay a consultancy fee of Rs. 40,000/- on completion of the work and also request your team to train our Manager/Administrator to safely access the network.

If there is any additional information required kindly feel free to contact us.

Thanks & Regards,

Subject: Design a Scanner with counter and anti-theft barcode scanner

Dear Sir,

With regards to our telephonic conversation on designing a scanner with counter and anti-theft barcode scanner, we are happy to proceed with your proposals for the same.

The requirements we wish to include are as mentioned below:

- 1) A scanner which will scan and keep count of the number of people who enter into our store, the data has to be updated after every new entry or exit and this information has to be sent to our security supervisor.
- 2) Anti-theft barcode scanner which will track the barcode details from our database which has all the barcode of unbilled items available in the store. If any unbilled items are taken out of the store the anti-theft scanner should identify the unbilled items and raise an alarm, also send the details of the unbilled items to the security supervisor.

The details of our barcode database and other technical details have been provided to your team, if there is any queries kindly revert back to us.
