

New Horizon College of Engineering

Internal Quality Assurance Cell

Academic Year 2021-22

Annual Report

Annual Report of IQAC

Internal Quality Assurance Cell (IQAC) of New Horizon College of Engineering (NHCE) monitors all academic activities and audit the functioning of the institution followed by the effective correction actions. IQAC provides the activity calendar to the department for the events to be conducted for Capacity Building, Skill Development and Entrepreneurship. IQAC ensures the quality policy of the Institution is achieved in a smooth phase. IQAC deals with quality improvement strategies through quality initiatives and action steps for enhancing the quality of teaching learning process, research and development of the Institution. IQAC focus on quality enhancement activities like Innovation Teaching initiatives, Industry Collaborative activities like Internships, Field Projects and Placements. Resolutions are Passed and recommendations are placed for corrective action & approval.

Practices Institutionalized as a result of IQAC initiatives

- Analyzing the Accreditation framework and work in line for the better Accreditation scores
- Improvement in the Number of Collaborative activities in the Institution through Student Clubs
- Promotion of Research activities
- Encouraging Students and Faculty members for entrepreneurship and start-ups through Incubation Centre.
- Encouraging Students and Faculty members for patent filling through R&D team.
- Identifying the Registration for alumni Association
- Promoting staff to enhance their technical/Other skill through attending Online FDP/STTP
- Improve the faculty and student competency through MOOC/NPTEL Courses and examinations.
- Review of Teaching-learning Process and its Outcomes
- IQAC carries out periodic review of administrative activities.
- Faculty Members are supported with Seed Money for taking up Government/Non-Government research project schemes and Consultancy Works.
