Report on “Faculty Interaction with Industry”

Topic	: GIS Session for Academia
Resource person	: EDS Resources
Venue	: A308, MBA Dept
Mode of Conduction	: Blended Mode
Date & Time	: 28th July 2022 & 10.30AM
No of Participants	: 11 from Civil, ME, Auto & AI&ML

The Quality Assurance and Skill Development Center at New Horizon College of Engineering organised a Faculty Interaction with Industry to improve NHCE-faculty technical skills and make them aware of the latest technologies and industry's support for academia. As part of this programme, an industry interaction on " GIS Session for Academia " will be held in A308, MBA Lecture Hall. The expert speaker were from EDS technologies, Bangalore.

Dr. Rajesh G, ASP/ECE, gave the welcome address and explained the significance of the programme. Mr. Vinay Babu discussed the role of EDS technologies in GIS India and how they affect our world. Mr. Mallesh B has emphasised the importance of ERSI and GIS in enabling edge innovation. Mr Dwaipayana D joined online and learned about the importance of ArcGIS software and apps in combining mapping and data analytics to deliver location intelligence and meet the needs of organisations of all sizes. Informed decisions are driven by intelligent mapping and analytics. It is also discussed how to increase market share by using real-time product performance tracking and advanced analytics. Create a visual representation of supply chain workflows, efficiencies, and risks. increase customer satisfaction while outpacing competitive threats.
