## **Icebreaker One: Listening Skills**

### **Purpose**

To help participants to be aware of listening skill.

### **Preparation**

None ...on the spot

### **Activity**

Please ask all the participants to stand up. They have to follow the instructions of the trainer.

Ask the participants to lift the right hand up and then the left hand up, hold the fist and rotate both the hands faster and faster and place it on your chin whereas the trainer as the participants are observing she will place both the hands on the cheeks and then say statue n freeze.

Participants usually observe the trainer and just follow blindly, however, the participants who have the skills are keenly listening and observing they will place the hands on the chin.

### **Key Learning:**

Participants who have the listening skills will think through and follow correctly whereas, the other participants will follow blindly.

Always observe keenly and listen carefully to follow the instruction.

This Activity will take about 5 – 15 minutes, depending on the number of participants.

## **Icebreaker Two: Rubber band Activity**

### **Purpose**

To help participants get to know each other maintain good healthy relationship and inter personal skills

### **Materials Required**

- Pack of Rubber bands

### **Preparation**

None

### **Activity**

Divide the meeting participants into groups of three or four (depending on the number of participants) then ask them to form a circle. Ask all the participant to show thumbs up and the elbow stuck to the body.

Distribute one rubber band to each participant, place one rubber band on one end on the thumb of two participants. Now ask the participants to take 2 step back, as the rubber band expands the participants will feel the stretch and the pain. Now ask the participants to step out and step in. As they feel the pain, we ask them step in forward as they will feel comfortable.

### **Key Learning:**

The rubber band is often used as an analogy to describe resilient people. The comparison is that the rubber band can get stretched and put under pressure but when it stops being stretched it bounces back to its original size and shape. Elasticity becomes a synonym for resilience.

This is compared to in terms of Relationships and inter personal skills Professionally and Personally. Farther we go we disconnect ourselves, we lose our connections and we don't work together, as we are closely knitted we work together. We care for each other. We collaborate on work, Win Win situation, as to maintain good healthy relationship and inter personal skills

This icebreaker takes about 5 - 15 minutes, depending on the number of groups.

## **Icebreaker Three: Paper Tear Activity**

### **Purpose**

To help participants to develop Listening skills

### **Materials Required**

- Plain sheet of paper for each participant

### **Preparation**

None

### **Activity**

Distribute one paper to each participant to the whole group. Ask them to listen carefully and follow the instructions. The trainer instructs everyone to lift the paper and fold it into half and tear out the right edge core of the sheet.

Later fold again and tear the left edge corner, then fold the paper again and tear the right edge corner of the sheet. The open the page, the participants sheet of paper has to resemble to the paper sheet of the trainer.

You will have a hole in the middle of the sheet of paper.

### **Key Learning:**

To help participants develop keen listening skills

This icebreaker takes about 10 - 15 minutes.

## Icebreaker Four: Balloon Activity

### Purpose

This is an excellent quick, fun simple activity that shows the value of team work, it will get everybody energized and moving around the room and excited about the training, it can be a great opener for your team building class.

### Materials Required

Balloons (Balloon for each team member), toothpicks (For every team member), Stopwatch

### Preparation

Give each person one balloon and one pin then ask participants to blow their balloons. Once all balloons are inflated and everyone is ready say the following " You have 1 minute after I say go, after the minute is over the person who still has his/her balloon held up intact above his/her head is the winner of this game. Now Go!"

### Activity

#### Rules for the trainer

For this activity to work, the trainer must not tell the group to actually use the toothpicks and pinch each other's balloons. As soon as you say go ..... (Try to prompt them to move without actually telling everyone to start pinching each other's balloons using the toothpicks, they will normally start doing this on their own)

#### Key Learning:

What will happen is that the group will go wild as soon as you say go, each team member will start pinching the balloons of others while trying to protect his/her balloon. The group will go crazy chasing each other around the room.

Discuss what prompted everyone and motivated them to be the winner? couldn't we all be winners in this game somehow, why did we decide on our own to use the toothpicks and pinch the balloons of the other team? Tell the group that we could all have easily become winners in this activity if we all decided to raise our balloons in the air after I Said Go! I did give you all pins but I did not say anything about pinching your partner's balloon.

What's the point from this activity?

This great activity makes a clear point that It's human nature that each one of us in the team wants to stand out and be the only winner which was very clear in what happened in this activity. The real team spirit is that everyone works together so we can be all winners and achieve our common team goals.

This icebreaker takes about 10 - 15 minutes.

## **Conclusion**

The two hours training program helped the Faculty employees to enhance their Listening skills and learn inter personal skills. This also helps them in their inter personal skills dealing with other faculty members.

## **Recommendations**

The management should schedule same training for all the faculty teaching and non-teaching Faculty members.
