Targeted Audience:

Students from EEE, CSE, ISE, CE, ECE, AIML, CSE-DS and ME.

Description of the Event:

The Decode Enigma event started with a lot of excitement as teams teamed up for a smart challenge. It was about combining business skills with tech knowledge, offering an exciting teamwork experience to solve puzzles together. At first, 59 teams joined to mix business smarts with tech know-how.

Round One: The Crossword Challenge

During the Crossword Challenge, teams worked together to solve puzzles that combined business ideas with tech innovations. They tackled tricky clues as a team, bringing a lively energy and clever thinking to the room. Out of 59 teams, 19 moved forward to the next round called Biz Enigma.

Round Two: The Biz Enigma

Moving to the Biz Enigma stage, teams tackled real business problems, aiming for creative solutions, and handling tough challenges. Dhruv Mehta and Faizan won first place, showing great teamwork and clever thinking. Jeff Jude and John came second, and Jayaaditya and Srikar took third place, all showing impressive problem-solving and teamwork skills.

As the Decode Enigma event came to an end, it was more than just a competition. It showed the importance of teamwork and solving problems together. It was not just about winning; it was about enjoying exploring business and technology together. It highlighted how fun it is to solve tricky puzzles when working in a team.
