Targeted Audience: Students from ME, ECE, CSE, ISE, CE, DS, AIML, AS Departments

Description of the Event:

The HealthXcel Club recently hosted an exhilarating event inspired by the popular series Squid Game, featuring six thrilling rounds that combined physical challenges with a healthcare-themed quiz. Participants enjoyed a unique blend of fun, fitness, and learning, making it an unforgettable experience.

The event kicked off with Round 1, a lively game of Red Light, Green Light. Participants navigated towards the finish line, testing their precision and speed, all while avoiding movement during the "red light." This was followed by Round 2, a stimulating quiz based on healthcare concepts. Designed to impart valuable knowledge in an engaging and interactive manner, this quiz kept the participants on their toes, blending fun with education.

Round 3 brought the classic game of Tug of War, where teams tested their strength and coordination in an intense battle of might and strategy. The excitement continued with Round 4, the Marble Game, as participants paired up to challenge each other in this game of chance and cunning.

The nerve-wracking Round 5 featured the Glass Bridge, where participants carefully navigated across "glass" tiles, testing their memory and bravery. The event culminated in Round 6 with the 1 vs 1 Game of Salt, a strategic duel that determined the final victor.

Throughout the event, participants remained active and engaged, contributing to their daily cardio and overall fitness. The combination of physical movement and the healthcare quiz provided a perfect balance of exercise and learning, ensuring everyone had a fantastic time while gaining useful knowledge.

Winner: Nakul Sanjay Prabhu (1NH22CS140)

1st Runner-up: Krishna Rathnam (23DS005)
