

LEARNING MANAGEMENT SYSTEM

2. Course Delivery:

https://202.62.77.41/oldinstance/odd2024/index.php?option=com_bvbsims&controller=uploadlesson&task=getuploadlesson&semId=5&secId=16&courseId=3298&deptId=1&streamId=1

The screenshot displays the Contineo LMS interface. At the top, there is a navigation bar with the user's name 'Dr Anandhi R J' and various menu items like 'Home', 'Notice-Board', 'Proctorship', 'Change Password', 'Search student', 'All Field Report', 'User Manual', and 'Logout'. Below this, the 'Course Details' section lists the following information: Stream: B.E, Department: Computer Science and Engineering, Semester: 5, Course Name: RESEARCH METHODOLOGY AND IPR, and Course Code: 22RMK55. The 'Upload Lesson Plan' section features a 'Choose File' button, a 'No file chosen' status, and 'Cancel' and 'upload' buttons.

The Course Delivery page in Contineo LMS is designed to streamline the delivery of course content and enhance the learning experience. Key features include:

- **Lesson Plan:** Instructors can easily upload and manage detailed lesson plans, outlining the course schedule, objectives, topics, and activities for each class. This feature ensures that both instructors and students have a clear understanding of the learning path and expectations for each session.
- **Module Note Upload:** Educators can upload course materials, such as lecture notes, presentations, and supplementary resources, directly to the platform. These materials are organized by module, allowing students to access relevant content at any time, facilitating a self-paced learning environment.

Together, these features provide a seamless and organized method for instructors to deliver course content, ensuring both structure and flexibility in the learning process.
