The Assessment page in Contineo LMS offers an efficient platform for managing and recording student evaluations. Key features include:

- **CIE Marks Entry**: Instructors can easily input and track Continuous Internal Evaluation (CIE) marks for students, reflecting ongoing assessments such as quizzes, assignments, and projects. This feature ensures that the progress of students is monitored consistently throughout the course.
- Alternative Assessment Marks: Contineo LMS also allows instructors to enter marks for alternative assessments. This flexibility accommodates different evaluation

methods, such as oral exams, presentations, or peer reviews, ensuring that all students have a fair opportunity to demonstrate their understanding.

These features make the assessment process streamlined, transparent, and adaptable, supporting both traditional and alternative forms of student evaluation.
