

A REPORT ON ETHNIC DAY

Ethnic Day is a much-anticipated annual celebration at New Horizon College of Engineering that highlights the vibrant tapestry of cultures, traditions, and ethnic backgrounds represented within our campus community. The objective of the event is to foster cultural understanding, appreciation, and mutual respect, while also encouraging students to take pride in their own heritage.

This year, Ethnic Day was celebrated with great enthusiasm on 10th May 2025, bringing together students, faculty, and staff for a colorful and joyous occasion. The festivities commenced at 11:00 AM with an inter-departmental fashion show, where students proudly donned traditional attire representing various regions and cultures of India. The event served as a visual spectacle, emphasizing the beauty and uniqueness of diverse ethnic styles.

Following the fashion show, a talent show provided a platform for students to showcase their artistic abilities. The stage came alive with soulful musical performances, dynamic dance routines, and other awe-inspiring acts, reflecting the incredible range of talent within our student community.

The excitement continued at the open stage with an energetic flash mob, featuring a well-choreographed dance performance by students dressed in vibrant costumes. The electrifying performance captivated the audience and set the tone for the next segment – a DJ session that turned the space into a dynamic dance floor. The DJ enthralled the crowd with a pulsating mix of EDM, pop, and regional tracks that kept the energy levels soaring for hours.

Adding to the festive spirit were food stalls offering a delectable variety of snacks and beverages, allowing attendees to enjoy regional flavors alongside the performances.

The 2025 Ethnic Day celebration was a resounding success, meeting its goals of celebrating cultural diversity and strengthening the bonds among students and staff. It reinforced the college's commitment to inclusivity and unity, and reminded everyone of the richness that lies in our differences.

Glimpses of the event
