

A REPORT ON BLOOD DONATION CAMP

The NHCE NSS Club and Leo Club, in collaboration with Sakra World Hospital and the Indian Red Cross, Karnataka, organised a Blood Donation Camp on 8th October 2026 at Nirvana, New Horizon College of Engineering. The event was inaugurated by the Registrar, Vice Principal, Director and COE, along with doctors from Sakra Hospital. The initiative aimed to encourage voluntary blood donation and raise awareness of its vital role in saving lives. The camp provided an opportunity for students and other eligible donors to contribute to a noble cause while understanding the importance of blood donation in supporting patients requiring medical treatment and emergency care.

The camp witnessed the participation of 144 individuals and resulted in the collection of 101 units of blood, making a valuable contribution to healthcare needs. The medical team and healthcare personnel facilitated the donation process and ensured the smooth conduct of the camp. The initiative emphasised the importance of voluntary blood donation and highlighted the need for active community participation in maintaining an adequate blood supply for medical emergencies and treatments.

The event brought together members of the organising clubs, healthcare professionals and volunteers, demonstrating the importance of teamwork and collaboration in implementing community-oriented initiatives. The medical team provided professional support throughout the camp, while the efforts of the organisers and volunteers contributed to its effective coordination. The programme also encouraged students to develop compassion, civic responsibility and a spirit of service towards society.

The Blood Donation Camp concluded as a meaningful initiative to promote voluntary blood donation and social awareness. The collaboration between the NSS Club, Leo Club, Sakra World Hospital and the Indian Red Cross, Karnataka, demonstrated how collective efforts can contribute to community welfare. The event reinforced the message that every unit of donated blood can help save lives and inspired participants to recognise blood donation as an important act of humanity and social responsibility.
